EXPERIENCE & ACHIEVEMENTS

AI/ML Virtual Internship - Google via EduSkill Foundation

- Completed a virtual internship focused on Artificial Intelligence and Machine Learning concepts through Google's EduSkill programme.
- Developed problem-solving and analytical skills applicable to web performance optimisation and feature development.

Web Development Workshop - Sipna College of Engineering & Technology

- Participated in a hands-on web development workshop covering HTML, CSS, JavaScript, and modern front-end practices.
- Gained practical experience building responsive UI components and implementing dynamic web features.

Smart India Hackathon (SIH) - Internal Round Shortlisting

- Shortlisted in the internal round of Smart India Hackathon, demonstrating the ability to develop and pitch technical solutions collaboratively under pressure.

CERTIFICATIONS

- Data Analytics** - Government of India / SWAYAM Online Course

KEY COURSEWORK & PROJECTS

- Designed and developed responsive web applications using HTML5, CSS3, JavaScript, React, and Node.js, ensuring cross-device compatibility and performance optimisation.
- Explored WordPress theme customisation and plugin integration as part of web development coursework.

- Studied Shopify Liquid templating basics and third-party API integrations for e-commerce web development.
- Applied data analytics techniques to interpret website metrics and improve functionality based on performance insights.
